#### **MOONEY**

Mooney is the Italian fintech leader in proximity banking, payments and mobility services, and personalized technology solutions held by Enel and Intesa Sanpaolo, through Enel X and Isybank.

With its widespread network of 45.000 points of sale fully integrated with a constantly evolving digital ecosystem, Mooney offers an inclusive omnichannel model with a focus on sustainability.

Over 20 million customers choose Mooney for payment transactions – such as bills and PagoPA –, access to proximity banking services – cash withdrawals, deposit and wire transfers –, issue and recharge of prepaid cards, mobility services – public transport tickets, parking and e-tolling through MooneyGo app –, and access to Enel Group's electricity, gas and fibre offers. Moreover, Mooney is a strategic partner with customised and integrated technology solutions to companies, organisations and institutions owned systems, working every day alongside public and private customers to promote a simple, fast and safe lifestyle.
